Convenience at its Best

## **ACCU BIND ADROIT**

AccuBind ADROIT is a versatile Binding Machine. Its uniqueness lies in the user-friendliness, in spite of the multiple uses it offers. All the Window Cutting, Creasing and Hole Punching processes are automatized. It is conducted by Feeding the paper manually just once and the rest of the processes are done automatically. All this is done with the help of a Touch Screen Panel. Various options of Window Cutting, Creasing or Hole Punching are easily done, by just changing the Die.

Apart from Binding a Book or an Album, AccuBind ADROIT has a lot to offer. You can create various types of Paper Foldovers, Panel Card Foldovers, innumerable types of Table Standee's used as Calendars, Menu Cards, etc.
