Convenience at its Best

An ideal solution for achieving elegant Binding, this machine takes care of Creasing and Pasting with optimum Precision. Supported by Hot and Cold Press Processes, it helps produce a perfectly pasted book. As this machine is for the Single Side Prints, the final output provides maximum Flat Opening.

This machine efficiently handles Photo papers and Hot Melt Gumming Sheet with equal perfection. It works at Low Temperature and provides Fast outputs.

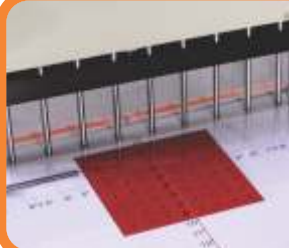

This is an ideal choice for those, who are looking for the most premium finish for their masterpieces.

Key features :

Digital Controller to set the processes

Digital display to set the creasing distance with knob

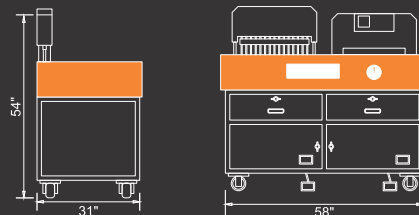

Vacuum bed to hold the prints

Creasing groove can be set as per the Paper thickness

Hot and Cold Processes to render Uniform Pressure at desired Temperature, and achieve better strength of the Photo book
